

## Membership FORM 2009

*South Fox Island, probably one of the prettiest islands of the Great Lakes, lies about 16 1/2 miles north-northwest of Lighthouse Point in Leelanau County, Michigan, making it the most isolated island in Lake Michigan. The State of Michigan owns one third of the island, which includes the lighthouse complex under the jurisdiction of the Department of Natural Resources (DNR).*

*In 2004 FILA was formed to work in partnership with the DNR to preserve the lighthouse station. Unique features include having TWO towers on the island, and 7 out buildings. It is the continued support that enables work to continue so we can move into the future while preserving our past.*

*For more information please visit our website  
 www.southfox.org.*

**Your membership & donations help acquire supplies and materials to complete the projects list of 2009 as well as pay for gas, so we can get to the island!**
